LOCATION.

The New Piasa Chautauqua Assembly is held at Chautauqua, Ill., thirteen miles west of Alton, on the Chicago, Peoria & St. Louis Railroad (Bluff Line.) The immense bluffs upon the river front, and the valleys and gorges, extending back from the river, covered with natural forest, make a situation, which, for picturesqueness, adaptability for assembly purposes, and for quiet, restful recreation, away from the strain, worry, and bustle of city and business life, is unsurpassed. From the top of the bluffs a magnificent panorama greets the vision. Three great rivers, and five counties in two States may be seen. In the center of the grounds the wonderful medicinal spring of limpid, cold water, flowing from the base of the mountain of stone, flows in sufficient volume to supply all that may come to the beautiful Chautauqua grounds. Many cottagers not only spend the month of the Assembly, but weeks before and after upon the grounds. This season the waterworks and lighting plant will be operated from June 1st to October 1st. Socially, the patrons of this great Chautauqua, constitute one great family among whom all distinctions are obliterated, and an atmosphere of harmony and good-will prevails. Nothing OFFENSIVE to the most exacting moral and intellectual culture is permitted.

TALENT.

The program committee assisted the manager in arranging a program which for its local worth has never been equalled at any previous time. Some of the leading musicians, magicians, orators, scholars, and thinkers will be heard during the Assembly period.

CLASSES.

Special classes for boys and girls will be organized on the second day of the Assembly. A tuition fee of one dollar for the month will be required from the boys and a tuition fee of seventy-five cents for the month will be required from the girls. No charge will be made for the choir drill and all music will be furnished free. Bible study will be free to all.

KINDERGARTEN CLASS.

The kindergarten class will be organized on Monday, July 26th, and the fee will be 50 cents by the week and \$1.50 for the four weeks.

PIANO.

The piano at the Chautauqua is kindly furnished by the ever-popular music dealer of Alton, Mr. Frank R. Davis, who is proprietor of a large music store at 100-102 East Second street in that city.

Assembly season, it will be necessary for you to write at once to Mr. Edwin Johnson, manager, Chautauqua, Ill., telling him what you will want and when. An outing in a tent will prove pleasant and cost but little. Order your tents at once, please, that you may not be disappointed when you reach the Chautauqua.

HAULING.

Mr. Emile Fischer, custodian of the Chautauqua ground has the exclusive right to haul freight and baggage to and from any part of the grounds, and no one will be permitted to encroach upon this privilege.

ATHLETICS.

Mr. C. H. Blesse will direct all athletics on the ground. He will be pleased to talk with any one about athletics. Miss F. Dawson will direct the girl's club.

BOATS.

W. D. Fluent, of Alton, will have charge of the boats. The charge will be 25 cents an hour and 15 cents for every extra hour.

BATHING.

The big bathing pool is the finest in the country, and is filled with pure spring water, which is warmed by steam. By this means the pool can be used in the evenings as well as during the heat of the day, and its popularity has grown each season. Mr. Sauvage is determined that it shall be without question the greatest pool in the entire west.

"THE WEBER PIANO OF TO-DAY"

Paderewski keeps pace with Piano Progress

His Choice, The Weber

"THERE is an unquestionable great progress in piano-playing among the American public. There must be a progress in piano-making. You have realized it."

So writes the great Paderewski to the Weber Piano Co., after playing the Weber continuously in this country for seven months.

Liszt and Chopin, the greatest Pianists of their age, accomplished a great deal in developing the piano-forte as it existed at that period. They demanded of the manufacturer an improved instrument, which should serve as an adequate medium for their wonderful art.

So, to-day, Paderewski who stands for all that is most advanced in modern pianism, demands a piano that has kept pace with his own ideals of musicianship.

Before beginning his great American tour, Paderewski chose the Weber Piano as representative of the highest attainment in piano manufacture in this country. At the conclusion of that tour of 93 concerts before immense audiences, Paderewski reaffirmed his opinion in terms which left no doubt the Weber Piano, in his judgement, is chief in progress and resources among the great pianos of a progressive age.

NEW PIASA CHAUTAUQUA

The interesting story of the New Piasa Chautauqua will be ever new. From the early Indian legend of the mythical piasa Bird, with its tale of blood and fury, down to the sweet story of summer days of rest and pleasure and self-culture, all is fascinating and alluring. There are one hundred and five cottages, the last cottage being erected by Mr. L. W. Burns, of St. Louis, being one of the prettiest works of architecture to be seen anywhere in the country. These people have visited the finest Eastern resorts and are satisfied that the New Piasa Chautauqua is one of the most ideal summer resorts. We have a little city here. A store, postoffice, named Chautauqua, Ills., and every other convenience to make it a delightful summer home. Nestling between the tall Piasa Bluffs, which loom up along the east banks of the great Mississippi River, it is easy of access. The Eagle Packet Company's boats and the Providence are bringing thousands of people to this great resort daily, and the Chicago, Peoria and St. Louis Railway, familiarly called the "Bluff Line" because of its passing through the picturesque Piasa region, have a station on the grounds and are running their trains to suit the convenience of the rapidly increasing traffic to the Chautauqua grounds. They promise low rates and good train service to the patrons of the New Piasa Chautauqua.

THE GROUNDS AND BUILDINGS.

The grounds consist of 310 acres of beautiful forest, with all the paraphernalia and equipment for a great Chautauqua. The wonderful Piasa spring, where thousands quench their thirst and drink

again. Its mineral properties are equal to those of any other resort in this country. The water supply for the ground is furnished from this spring. A new Fairbanks engine and pump have just been put in, and are supplying the grounds with a plentiful supply of pure water. The water supply will be sufficient for every emergency, and patron and guests will not be disappointed, for the reservoir on the top of the west Bluff, which holds over forty thousand gallons, will be adequate for every purpose.

The Auditorium has been renovated. The old tanbark has been removed and new tanbark has been placed therein and the seats have been cleaned with Sapolio. A new roof has been placed on the Auditorium and other improvements on the stage and side rooms are now being made by the decorating committee, Mrs. A. T. Flint, of St. Louis, Chairman.

Improvements will be made in the Ha'l of Philosophy, as Bible School will be held there and several private Conferences.

The store has been reopened by C. W. Freeman, of Alton, with Mr. Emerson, Manager, and is well stocked with needed supplies at reasonable rates.

The great hotel, "The Inn," is beautiful'y furnished with one of the most affable and progressive hotel men in this country as its proprietor, and he is sure to make it the greatest summer resort this side of Atlantic City. He is ready to receive guests and give them every comfort. Mr. Spring is the regular proprietor.

Mr. C. W. Freeman is the proprietor of the Piasa Springs Hotel, and Mrs. Freeman has charge of the rooms there. Each room has been thoroughly renovated and cleaned and new bedding and furniture has been placed therein. They are prepared to receive guests at reasonable rates.

Groceries, meats and vegetables and good, pure milk can be bought on the grounds at all times at more reasonable rates than heretofore.

Mr. L. W. McCreary, an experienced restauranter is in charge of the restaurant and will be g'ad to see his friends and as many new ones as it is possible for them to accommodate.

A barber shop, telephone office, telegraph office, ice cream stand inside and outside of the grounds, popcorn and candy stand, postals of the various

Bluff scenes and many other accommodations for visitors.

A fine baseball ground has been completed back of the new hotel, "The Inn," where the baseball enthusiast can delight himself from day to day. It is the finest diamond in this part of the State.

Two beautiful tennis courts ninety-seven feet long have been made ready for the lover of tennis. A croquet ground and ten rope swings have been put in readiness for the great Assembly time.

The great swimming pool, owned by William Savage, of Alton, has been cleaned and painted and is in charge of Mr. Cole, an instructor who was an assistant instructor at Atlantic City last year. The bathing suits are in fine condition, and everybody can be happy in the pool.

Bring your fishing tackle and catch a fine fish in the Mississippi near the grounds.

The A. B. C. restaurant at the depot, with F. Theen as the manager, and his corps of helpers, are anticipating a very prosperous season.

Cottage life is decidedly pleasant, but there is a charm in tenting. We will be glad to put up a tent for anyone desiring it for twenty-five dollars, and make it safe. We have choice tenting places and can put in good platforms and put on a fly if required.

Any information with reference to tents can be had of the Manager at Chautauqua.

A new light has been placed about the grounds and 6 new lights at the Auditorium, making the most brilliant illumination all about the grounds. Every patron will be delighted with the new light.

In speaking of the swimming pool we should have
said that the water varies in depth from one to
eight feet and life lines will be stretched to prevent
danger.

Mr. Emile Fischer, custodian of the grounds, will
haul all baggage to and from the station and will
supply the cottagers with wood.

The Assembly Talent.

The Aeolian Company, with Mr. Morris Velsy as
their representative soloist, assisted by Miss Mil-
dred Dickson of Alton, soprano soloist; Mr. Robert
Patterson Strina, baritone soloist, and Mrs. Coving-
ton of St. Louis a soprano soloist. Each of these
soloists are among the distinguished talent of the
West and will be heard with delight by every Chau-
tauquan. It is a great compliment to the manage-
ment of the Association and through the kindness
of Mrs. Seneca Taylor of St. Louis, that Mr. Benja-
min, the gentlemanly manager of the Aeolian Com-
pany, consented to give us three of these magnifi-
cent concerts.

Rev. Dr. Frederic H. Knight is one of the brightest
men in the ministerial realm. He comes to us well
trained in his subject.

Miss Stearns and Miss Peare are young women
who are to entertain with readings and music and
the Cecilia Ladies' Quartette are coming to sing on
Mother's Congress day, and all the week preceding
the various services.

Rev. E. Wallace Wait,

the noted Scotchman, comes to us with his remark-
able lecture, "Success in Life," and, having lectured
in Europe, he brings us a great fund of information.

Miss Katherine Dickinson, the gifted and popular
music specialist in voice and piano, will bring her
pupils from Alton to give us a delightful evening
with the masters.

The W. C. T. U. will have the wonderful leader of their forces in Illinois with us for a day. She will speak several times while here. A gold medal contest will take place on the evening of W. C. T. U. Day.

Woodmen's Day will be one of the great days of the Assembly. Several well known teams from various orders will compete for a prize on that day. It will be a great day.

Something uncommon at a Chautauqua to hear of an Attorney's Day. Two prominent lawyers of the city will lecture. L. O. Whitnel is known all over the United States as is Judge E. C. Cramer. Notice their topics and do not fail to hear them. It will be a treat for every one and every lawyer will get some interesting data.

Alton Day will be a great day. Mayor Beall says it shall be the greatest home coming day in the history of that remarkable city. The Mayor will address the great assemblage in the afternoon and will be followed by that promising young politician and lawyer, City Comptroller Hon. W. P. Boynton. Music by the band and other interesting attractions. At night "Folk Song and Story of America," by Miss Dickinson, assisted by Miss Mary Dickinson, Mrs. Stocker, Miss Guy and Mr. Richardson. This will be a pleasing lecture recital.

Rev. Dr. A. L. T. Ewert, the distinguished preacher, will come to us with one of his great sermons. He is a great preacher.

Children's Day will be a memorabe day from the fact that the children who are to furnish the programmes are prodigies.

Jerseyville Day will be another great day. Mrs. H. A. Tunehorst has interested the best musical talent of Jerseyville and they have some exceptionally fine talent there—to give us the full day. It is the intention of the city authorities to turn out on that day headed by their gifted young mayor, who is interested in the day.

Y. M. C. A. Day will be remembered for there are to be some noted speakers here on that day. Judge Spencer of St. Louis is the International President and he is to be accompanied by several noted men. The various General Secretaries of the country are coming as the result of the persistence of that ex-

cellent General Secretary at Alton, Mr. E. R. Anderson. Mr. Banks, State Secretary of Missouri, is enthusiastic over the day.

"Great Boat Day will attract boatmen from everywhere and many others.

St. Louis Day will bring to us the elite of that great city. Mr. J. P. Woods, President of the Chautauqua and Mr. C. Bernet, Treasurer, will bring several hundred people to the Chautauqua on this day with some of the leading speakers and will give us a programme interesting because of its uniqueness and one that will be permeated with excellence. Music and mirth, song and story, good cheer and hours of thrilling and inspiring features.

Press Day, August 9th, will bring to us all the editors of Southern Illinois with many from Central Illinois. We wanted the editors to come that they might see the greatest resort in this country and so we have arranged for them and Strickland Gillilan, that prince among humorists and a noted newspaper enthusiast, will lecture. A noted colored male quartette will also entertain the editors with the old-time Southern songs.

Mme. Mamreov, the well known lady born in Palestine, will lecture on Missionary Day and at the Bible School and for several days after this date.

She has letters from leading clergymen of the country. She comes very highly recommended.

Ratto, the prince of impersonators, is to be with us one night. See programme in this booklet. He is one of the best impersonators in this country. He has been having great success all through the North and East.

Piasa Chautauquans will not soon forget the brave, heroic women who comprise the King's Daughters and who are providing so plenteously for working girls. The King's Daughters Day will be an interesting day as several of the State workers and leaders are to be with us. In the evening Miss A. Lorie Flint, a very popular young reader and her company, are to give us one of the best entertainments of the Assembly.

Retail Merchants' Day will be historical as it interests all the merchants of cities and towns all about the country. Mr. Rose of Alton, the Secretary of this Association, is enthusiastic about this day and assures us that it will be a day in which

the merchants will have the greatest holiday in their experience as merchants.

Educational Day will be notable because of the many educators who will be present to hear Rev. Euclid Rogers, now in New York, in his lecture on "Education." Leading school authorities who have heard this lecture pronounce it one of the best to be heard in this country. Every teacher will be here on "Educational Day."

East St. Louis Day will be another great day at the Assembly. The Orpheus Male Glee Club will be here sixty strong and give us a concert of their popular songs. Mr. F. T. Joyner, President of the Illinois State Trust Company of East St. Louis, will deliver an interesting lecture on "Finance." He is a very interesting and instructive speaker. Many East St. Louisans will accompany the Orpheus Club on this notable day.

The greatest Sunday in the history of the Chautauqua will be the last Sunday, August 15th, when we are to have Rev. Dr. Columbus Polk Goodson of Chicago preach in the morning and Rev. Dr. Williamson, pastor of the Third Baptist Church of St. Louis, in the evening. These gentlemen will lecture on Saturday and on Monday night and Dr. Goodson will speak at eleven o'clock on Monday and Tuesday morning. We are anticipating the greatest treat in years from these brethren. The crowd will be great to hear these noted men. Rev. Ralph Wakefield of Trinity M. E. Church, St. Louis, Rev. A. L. T. Ewert, M. A., of Mattoon, and Rev. Dr. Hicks of Jerseyville will delight us with their sermons for they are men of eloquence and power.

The great Assembly chorus will be heard in several fine concerts and they will be assisted by prominent soloists from the city friends of the chorus. Alfred C. Renard, the young tenor, and other singers of repute. Music Day will be pleasing for all musicians and their friends.

Sunday School Day, August 17th, will be one of the big days. Mr. A. A. Paxson of St. Louis, President of the City S. S. Association, will with his splendid corps of workers interest the great army of Sunday School workers throughout the country. It will be a day long to be remembered. Every faithful Sunday School worker in the Southern Illi-

nois and Southeastern Missouri should be at the New Piasa Assembly on that day. Teachers should arrange to bring their classes and superintendents should arrange to bring their school.

Closing Day will be the great day of the Assembly for the reason that every one will be in holiday attire and take part in the grand march. A good band will lead the march. A great fellowship meeting will follow and this will terminate at night in the great Dickinson-Stocker Concert. A great closing for a great Assembly. Of course you will be there.

Oxenham's Moving Pictures for three nights. He comes to us with the latest projecting apparatus, including parts which are of his own invention. His pictures are new and of great worth.

Hite, another noted moving picture expert, comes to us for three days with a new and interesting lot of pictures. He has been pleasing multitudes everywhere. We are fortunate to get these two experts in the moving picture world for three nights each.

The Cote Brilliante Male Quartette, the Westminster Male Quartette, the Sans Souci Ladies' Quartette, the Cecilia Ladies' Quartette for a week and the Bradford Colored Male Quartette will all be here to delight great audiences.

A great programme, a great gathering, a great Assembly. It has never been surpassed. Come and occupy a cottage or a tent in the beautiful New Piasa Chautauqua Assembly Ground.

Mrs. Brown and Boarding House are attractive. She serves good, wholesome meals at the W. R. C. Cottage. A cool place.

Mrs. Bell of Bellview House is pleasing guests with her rooms and meals. A good place to be.

Mrs. Barnes at the Kentucky Home has nice, cool rooms and good, wholesome food. She can please her guests.

Mrs. Roades at the Roades House has many rooms and good meals. She is here all the year round. Her guests are pleased.

The Pias Springs Hotel, with H. E. Simpson in charge. Meals a la carte, breakfast and supper. Dinner, . He and Mr. Freeman are caring for guests. Mr. Simpson furnishes the food and

Mr. Freeman furnishes the rooms. A good place to stop.

There never were twelve better men selected for directors than the twelve men now serving in that capacity. Good men. Conservative men. Faithful men. Hopeful men. We have had such men on the board before but this is a new epoch in Piasa Chautauqua matters and we are ready to compliment those who would give their lives if need be to perpetuate this great resort. It is a new place. New buildings. New and needed improvements everywhere. A new day for a wonderful people. The New Piasa Chautauquans; the best people on earth. We have good air here. Clean food. Cool breezes. Clear, cold spring water. Fine bathing pool. Good baseball diamond. Good tennis courts. Good croquet grounds. Handy swings. Everything for comfort.

Come and bring your family and friends to the greatest Chautauqua in the West. Write M. Edwin Johnson, Manager, for any information about cottages or board. Address, Chautauqua, Ill.
